

Project: 200 East Street Reconstruction

Recipient: City of Ivins

Location: Ivins, Utah

Purpose: This project will widen the 200 East Street corridor from two lanes to three lanes. A distance of 1.45 miles, this reconstruction project will include a non-traversable landscaped median and improvements to curbs, gutters, sidewalks and traffic controls. Additionally, a shared-use trail will be constructed to connect to an existing bicycle and pedestrian trail system.

Amount: \$2,480,000
